

# EVA

MEETING

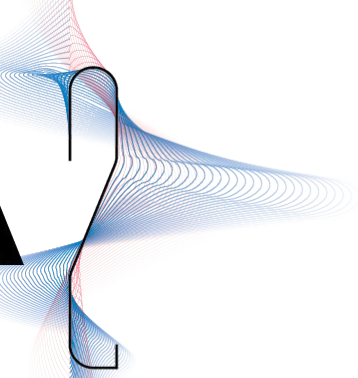

ENDO VASCULAR ACCESS MEETING

24-25 JUNE '22  
PATRAS, GREECE

**PRELIMINARY  
PROGRAM  
DAY 1  
FRIDAY, JUNE 24<sup>TH</sup>**

08.00-08.15	<b>Arrival-Registration</b>
08.16-08.23	<b>Welcome Introduction</b>
08.24-09.04	<b>What is New and Interesting in Vascular Access</b>
	The Nephrologist's view The Vascular Surgeon's view The Interventional Radiologist's View Unmet Needs Discussion
09.05-09.55	<b>Trial Updates</b>
	The Ellipsys Vascular Access System Post-Market Surveillance Study The WAVE GLOBAL and CONNECT AV Post-Market Studies The EVA DROP Study The IPACT AV Study The SAVE Trial The ABISS Trial The VOLA study Discussion
09.56-10.41	<b>Company Symposium</b>
10.42-11.02	<b>Coffee Break</b>
11.03-11.33	<b>Kidney Transplantation</b>
	Global Overview Unmet Needs Artificial Kidneys and xenotransplantation Kidney Transplantation and Remaining Vascular Access Discussion
11.34-12.49	<b>Percutaneous AVF Creation [Live Ultrasound Screening]</b>
	Patient Selection Which Questions Have Been Answered Regarding EndoAVF Based on the Evidence so far What is Still Missing Regarding EndoAVF Based on the Evidence so far Natural History of a RF-Based EndoAVF (case) Natural History of a Thermal-Based EndoAVF (case) Percutaneous Vs. Surgical AVF Problems in Establishing an Algorithm Discussion
12.50-13.20	<b>CiDA @ EVA "Last Options and New Beginnings"</b>
	Moderator-Presenter Panel:
13.21-14.06	<b>Company Symposium</b>
14.07-14.47	<b>Lunch Break</b>
14.48-15.33	<b>Amazing Interventions Competition</b>
	Case 1 Case 2 Case 3 Case 4 Case 5 Discussion
15.34-16.14	<b>The "Arch" [Live Case]</b>
	Anatomical Considerations ASDIN White Paper on the Management of Cephalic Arch Stenosis To "COVER" or not to "COVER" stent The Vascular surgeon's view Discussion
16.15-16.43	<b>Paclitaxel-Coated Balloon Controversy</b>
	There is Homogeneity of Data in Vascular Access and Data Should be Pooled There is heterogeneity of Data in Vascular Access and Data Should not be Pooled Discussion
16.44-17.29	<b>Company Symposium</b>
17.30-18.00	<b>PAIRS @ EVA</b>
	Moderator-Presenter Panel:

**PRELIMINARY  
PROGRAM  
DAY 2  
SATURDAY, JUNE 25<sup>TH</sup>**

08.00-08.40 **Out of the Box**

Radiological Costo-Clavicular Bypass  
Inside-Out Approach  
Sharp Recanalization Technique  
Outflow Veins  
Discussion

08.41-09.41 **The Way Ahead**

Sirolimus. A Novel Drug Coating for DCBs in AV Access?  
Omics of Central Venous Stenosis in ESKD  
Wearables. Next Level of Surveillance?  
Artificial Vessels as an Option for AV Access Creation  
Home Dialysis  
Dialysis Access Maturation. Is There a Way Ahead?  
Percutaneous AVF creation. New player in the game?  
Discussion

09.42-10.12 **SoDAS @ EVA**

**Moderator-Presenter  
Panel:**

10.13-10.58 **Company Symposium**

10.59-11.19 **Coffee Break**

11.20-12.05 **Failing to Treat the Failing Vascular Access**

Case 1  
Case 2  
Case 3  
Case 4  
Case 5  
Discussion

12.06-12.51 **Dec clotting Opportunities in the Spotlight [Live Case]**

Mechanical Thrombectomy  
LAB Thrombectomy  
Thrombolytic Agents. Do they play a role?  
Surgical Thrombectomy

12.52-13.32 **Company Symposium**

13.33-14.13 **Dialysis Vascular Access. Clinical Overview**

Clinical Examination. Tips & Tricks  
Which Imaging Modality & When  
Clinical Evaluation of Dysfunctional Dialysis Access  
Clinical Disasters  
Discussion

14.14-14.54 **Lunch Break**

14.55-15.40 **Guidelines Updates on Vascular Access Treatment**

ERA-EDTA  
K-DOQI  
A UK Expert Consensus Approach for Managing Symptomatic AVF Stenosis  
There is Consensus Between Guidelines  
There is No Consensus Between Guidelines  
Discussion

15.41-16.26 **Imaging in Hemodialysis**

Non-Contrast Enhanced MRA. A New "Healthy" Tool?  
Intra-Vascular Ultrasound in AV access. Advantages and Limitations  
Ultrasound Will Give You All the Details You Need  
Digital Subtraction Angiography. Can it Stand Alone?  
Discussion

16.27-17.07 **Vascular Access Stenosis Treatment Controversy**

What did Covered Stents Offered to Treatment  
Paclitaxel-Coated Balloons. Still Debatable?  
High-Pressure Balloons Make all the Difference  
It's all About Sheaths, Wires and Catheters  
Discussion

17.08-18.00 **Central Venous Catheters**

CVC related stenosis. How Common, How to Treat  
Tricks are in the "Tips"?  
Antibiotics. Chemoprophylaxis and Infection Treatment  
Last Option CVC Placement

18.00-19.00 **Editor Writing Club**
